

DATA SCIENCE & ARTIFICIAL INTELLIGENCE BATCH -02

ASSIGNMENT # 01

CASE STUDY:

As we're going to study "*Data Science & Artificial Intelligence*" in this course so, everyone knows about good Data Science & Artificial Intelligence Resources.

Our task is that as had completed Git (Version control system) in our class, we have to contribute at least one resources that you know in the link Given below:

<https://github.com/qasim1020/Free-Artificial-Intelligence-Resources>

NOTE:

- You cannot make a pull request of already added material.
- Resource means any link (i.e. <https://www.coursera.org/learn/ai-for-everyone?>)
